Dedication

Dr. Walter B. Ford

Dr. Walter B. Ford is a graduate of Harvard University having received his A.B. and Ph D. degrees there. He has also received honorary degrees from several other colleges, including Ithaca College. He has been a member of our community for some time. In recent years he has given two beautiful buildings to the community for its use, the Municipal Building and the Edith B. Ford memorial Library.

For Dr. Ford's great generosity and for his help to the community, we, the staff of the 1966 OVIDIAN, dedicate this book to him as an expression of our thanks.

In Memoriam

Dale Lawrence Conklin

When death comes, he respects neither age nor merit. He sweeps from this earthly existence the sick and the strong, the rich and the poor, and should teach us to live to be prepared for death.

Andrew Jackson, LETTER: MY DEAR E.,
12 December, 1824

Our Exchange Student from Peru

Ana Maria Marino

My family consists of my father and my mother, a sister who lives in San Francisco, and myself. My father is a supervisor of sales and a chemist at Ferreyros.

I live in Lima, Peru, Miraflores in a big house with my family. The capital of Peru is Lima. There are twenty-four departments in the government of Peru. It is located near the mountain range of the Andes and is divided into three regions--the coastal, the sierra, and the mountains.

I came here the first of September, and I stayed the first three months with Mr. and Mrs. Wyckoff. They were a wonderful people with me. Now I live with Mr. and Mrs. Porter. They try to help me with my English. They are so nice and treat me as their daughter.

I am very happy to live in New York. I am very glad that I had the opportunity to come here. I like Ovid Central School; it is a nice school where I have good friends.

Dianne Porter

Exchange Student

As an exchange student for nine weeks, I stayed at the home of Doctor and Senora Alfredo Samper. I had three sisters, Maria Christina, Inez, and Emilia, and two brothers, Alfredo Jr. and Francisco. My home was in Bogota, the capital of Colombia, situated in the Andes Mountains. The city itself looks very modern and is quite interesting.

Everywhere I went, the people were hospitable and anxious to make me welcome. They helped me learn Spanish, and in return I helped them with English. As a student at the Jose Joaquin Castro Martinez school, I studied English, French, mathematics, history, and music.

Colombia will always be my second home. The people there are very warm and friendly, and someday I hope that I shall be able to return to their country.

It was my privilege to spend the summer in the home of Lieutenant Colonel and Mrs. Alfonso Enzyguirre and his family in Lima, Peru.

Lima is a modern city surrounded by beautiful countryside. When we went to Cuzco in August, it was easy to see why the contrast of Lima and the ancient stone ruins of a long-vanished race makes Peru one of the most interesting and exciting countries of the world.

Everywhere I went--in my home, at my school, with my friends, and on my trip--I was greeted with the warmth and affection of a marvelous people. I am extremely grateful to have been able to participate in such a wonderful program for young people today.

Exchange Student

Having spent eight weeks in Bogota, the capitol of Colombia, I have a much greater feeling for many things which we have in the United States that are taken for granted. I encountered many interesting things which I shall always remember.

Bogota, which is 8,860 feet above sea level, is a modern city which has a sharp contrast of the old and the new. The weather is cool and rain occurs every day, even if it is for only a short period of time.

While in Colombia, I took a trip to Cartagena, a slave city on the Carribbean Sea. Compared to Bogota, Cartagena's architecture is very old and weather is hot.

The language, though different, set no barriers. The people were very friendly and warmly welcomed me to their homes and hearts.

My many thanks and deep gratitude go to all the many people who made this experience possible.

1965 Boy's State

Being selected for Boy's State is, in my opinion, one of the finest things any junior boy can look forward to. I am very grateful that the local American Legion post provided me with the honor of attending the American Legion Boy's State in June of 1965 on the Colgate University campus at Hamilton, New York.

The purpose of Boy's State, as expressed in a manual which we received, is to give its citizens training in practical citizenship. This includes an understanding of how a republic works, in order to gain a thorough knowledge of government and to appreciate the American way of life.

Boy's State also rewarded me with the opportunity of meeting many other boys with similar interests and backgrounds.

Again I would sincerely like to thank the people who made my attendance at Boy's State possible, and I hope that the boys succeeding me will find this experience as satisfying as I did.
